

Mindful Parenting for New Moms and Their Babies (Newborn - Pre-crawling)

Becoming a mother is a life-changing experience. It can be a time filled with joy as well as worry and stress. This class provides you with mindfulness-based stress management tools to navigate the transition to parenthood with calm and confidence and to help your baby thrive. If you are you a new parent (or know someone who is), join us in a supportive and relaxing environment to learn how to:

Strengthen the infant-mother bond

Soothe our babies through soothing ourselves

Maintain calmness even during stressful parenting moments

Manage postpartum blues, anxiety, and birth trauma

Fridays: May 12-June 16

11:30am-1pm

At UCI Susan Samueli Center Clinic
